- 900w variable-speed heated air blower

**ERA™****Double-Ended Wooden Frame**

From the moment you step into the warm, still water, the real world slips away. In its place- the splashing of soap, the refreshing spray of the handheld shower, a deep sense of well-being. It is simple pleasures from another era. The timeless pleasures of Era becomes something quite different raised to a heights on a bold wooden frame or a sturdy white striking and modern white pedestal base. This Era design delivers joyful freedom, as well as fashionable stimulation. For moments when you desire all that is sublimely beautiful

**ERA™****Double-Ended Pedestal****Ordering Numbers:**

Atrio®

Finding harmony in the essentials

Conceived along traditional Bauhaus lines, Atrio® uses “reductive clarity” as its central design principle. The key design elements of Atrio® rely on the basic geometry of cylinders and right angles. The Atrio® design also includes two handle options: a simple cylindrical lever and Trio spoked handle

Ordering Number	Description
JWS750000	RapidHeat™ in line Heater for Suction Line

Geneva™

Timeless detailing, unpretentious style...Geneva succeeds in capturing the essence of traditional design.

Geneva is characterized by the refined flowing lines of its arched spouts. Both the lavatory and Roman tub filler spouts bring the water well above the bowl or tub for a beautifully controlled cascade of water. But the true art of the Geneva line is in the carefully detailed cross and lever handle designs that inspire a traditional warmth without a hint of overstatement. These details are complimented by a gentle flair at the base of the spout and handles that echoes the overall design motif.

Summer Rain™ II Shower Systems

Available in White, Almond,
Oyster & Black

THE ULTIMATE SHOWERING EXPERIENCE

For couples who have different opinions about the perfect shower, whether it's warm or hot, with light or heavy pulsation, this product is the perfect solution. Another innovation first, Jacuzzi introduces the first shower with separate massage and temperature controls for two different shower experiences, along with Jacuzzi's exclusive air body dry system. Now you can enjoy the luxury of a spacious shower for one, or the opportunity to shower harmoniously with a partner.

Features:

- Shower diverter.
- Foot-level temperature-check spray.
- Tempered glass enclosure.
- Exclusive Tru-Level™ self leveling base system.
- 8 Programmable body jet sprays.
- Two shower columns

Ordering Number:

JWBH60-72"x 48"x 84" Summer Rain™ 2 Person Shower, 1 Wall. Chrome Column Finish.

Available in White, Almond,
Oyster and Black

Summer Rain™ Neo-Angle

Summer Rain by Jacuzzi™ puts the life-giving, quenching power of water at your fingertips. An overhead shower nozzle and four strategically placed body massage jets for your comfort. A unique configuration: a shower spout installed on the enclosure's glass, facing outward so that you can enjoy your surroundings as much as your shower experience. Summer Rain by Jacuzzi™ Neo™ is designed for installations with two finish walls.

Features:

- Shower diverter, Foot level temperature-check spray.
- Directional adjustable shower nozzle with customizable spray pattern.
- Thermostatic control, 4 Body massage jets.
- Tempered glass enclosure.
- Exclusive Tru-Level™ self leveling base system.

Talia®

Talia®...elegantly continental, a truly unique blending of contemporary motifs and renaissance fluidity. Distinguished by the beautifully arched details of its spouts, handles and valve trim. Talia® is characterized with a single word...graceful. The Talia® cross handles which adds traditional overtones to the markedly contemporary Talia® profile; the finely arched lever handle harmonizes perfectly with the spout designs to create a delicately refined look.

Ectos®

Creative and whimsical in its individuality, the **Ectos®** lavatory faucet combines innovation and art in a unique design that lends a sophisticated yet unconventional signature to any bath décor.

Clearly architectural in approach, the defining element of the **Ectos®** profile is a wing-like lever handle whose gentle curves lighten the sleek modern lines of the faucet's body.

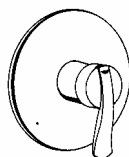

Affecting an ethereal airiness, the softness of the **Ectos®** handle is accentuated by its physical texture as much as by its shape.

Tenso®

Unconventionally modern without a hint of trendy, **Tenso®** by Grohe® makes a clear statement of creative individuality. The **Tenso®** design offers an exciting reinterpretation of the cylinder as a basic form. Interpreting spout and handle as parallel cylindrical curves, **Tenso®** creates the kinetic effect of concentric circles.

Freehander®

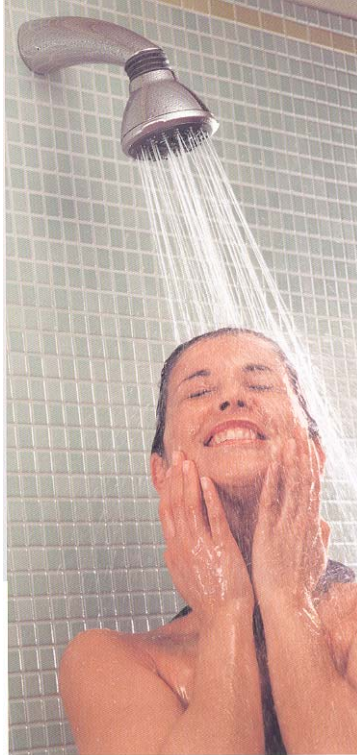

The revolutionary new **Freehander®** is the first shower system to combine shower head and body spray functionality into one easy to use. **The Freehander®** delivers the comfort and luxury of a custom shower system with an ingeniously simple design that joins two shower heads on a sturdy tubular arm which pivots 180 degrees and allows an effortless one-handed movement to convert shower heads (up position) to body sprays. (down position)

The Movario® Shower System

Every aspect of Grohe's **Movario®** shower line is geared toward individualizing showering choices. The line includes shower heads and hand showers with multiple spray options and large spray faces for wide whole-body water coverage. At the heart of the **Movario®** hand shower is the new **Rota-Head™** System. A one-hand adjustment moves the hand shower up to the overhead position or down to the body spray position, and all points in between.

Relaxa® Plus

Grohe's Relaxa® Plus line redefines "state-of-the-art" for shower products. Grohe engineered Relaxa® Plus from the ground up incorporating a number of revolutionary technologies to meet specific ergonomic and functional needs. Most notable of these features is SpeedClean®, a patented anti-lime system which maintains "like new" shower performance indefinitely. But the most important feature of the entire Relaxa® Plus line is Grohe's stubborn adherence to technological perfection in delivering consistent effective, satisfying water spray patterns...the essence of any shower experience.
